

# Fabulous 5th Grade Update

Dear Parents & Guardians,

11/26/18

We hope you all had a nice time with your family over the Thanksgiving break. We are back and ready to work hard up until Winter Break. We are excited as we dive into the Causes of the American Revolution, begin exploring the different ecosystems, continue our work with fractions and closely read our text in reading.

We are in need of 2 liter bottles. We prefer clear traditional 2 liter bottles. Each class needs about 20 bottles. We are very FAR from meeting our goal.

We have created a 5th Grade Website that has general 5th Grade information. It will have the math website linked to it as well as our personal websites. However, we wanted to streamline the information process. The website is [www.pges5th.weebly.com](http://www.pges5th.weebly.com). Follow us on the grade level twitter at @PGES5th.

The second payment for the Washington, D.C. was due on Nov. 1st. Please send in your child's second payment as soon as possible. Please to reach out to your child's teacher if finances are keeping your child from attending this capstone trip.

There is a fundraiser at A.C. Moore that benefits our field trip on Dec. 18th. There is a flyer on our grade level website that you can print to donate 10% to our 5th grade trip. We are excited about this endeavor.

---

## What are we learning?

Mathematics: Division of Fractions

Reading: Close Reading Non-Fiction Text

Science: Ecosystems

Social Studies: American Revolution

---

## Important Dates:

12/21: Early Release 1:15
